HD-STAX®

STACKABLE HEAVY DUTY BUCKETS

HD-STAX®: Stackable Heavy Duty Bucket

The HD-STAX is a patent pending stackable elevator bucket designed to give long life, more capacity, better reliability, and will optimize your shipping and storing costs. Designed to stack (nest) together, the HD-STAX gives you almost 3 times more buckets per box, skid and container. The HD-STAX bucket simply slides together to provide up to **60% more savings** in storage and shipping costs.

The HD-STAX also features a thicker, heavier wear lip molded across the front and sides of the bucket, for a tougher, stronger and longer lasting design. The wear lip is thicker in the corners to give you sustainable life when digging in tough agricultural applications.

FEATURES & BENEFITS

- 3 Sided Reinforced Front Lip for Digging, Longer Life, More Reliability
- Stackable: Efficient Shipping, Reduced Storage
- High Impact & Abrasion Resistant
- Non-Corrosive, Non-Sparking
- Extends Bucket Life
- Increases Elevator Capacity
- Cleaner Discharge
- Lowers Elevator Maintenance
- Decreases Elevator Down Time
